

CABINET LIST HELD UP UNTIL TOMORROW

President-Elect Will Not Send
His Nominations to Senate
Today, as Planned.

President-elect Wilson will not send his cabinet nominations to the Senate until tomorrow morning, his secretary, Joseph P. Tumulty, announced today. The nominations would have been sent this afternoon, but the President-elect learned that the Senate is sitting today with the sole power of swearing in the new President and Vice President. The personnel of the cabinet, the secretary announced, would not be made public until they were sent to Congress.

Probable Nominees.
The probable list of appointees is as follows:
Secretary of State—William Jennings Bryan, of Nebraska.
Secretary of Treasury—William G. McAdoo, of New York.
Secretary of War—Lindley M. Garrison, of New Jersey.
Attorney General—James McReynolds, of Tennessee.
Postmaster General—Congressman Albert Bursell, of Texas.
Secretary of the Navy—Josephus Daniels, of North Carolina.
Secretary of the Interior—Franklin K. Lane, of California.
Secretary of Agriculture—David F. Houston, of Missouri.
Secretary of Commerce—Congressman William C. Redfield, of New York.
Secretary of Labor—Congressman William B. Wilson, of Pennsylvania.
The names of these men are

well known to the public. The new Secretary of War, Vice Chancellor Garrison, of New Jersey, is a close friend of Mr. Wilson and a man of reputed high administrative capacity. Professor Houston, who will be Secretary of Agriculture, is president of Washington University, St. Louis, and also a friend of the new President.

William Jennings Bryan, the new Secretary of State, was the first member of the cabinet to pay his respects to Mr. Wilson. He arrived shortly before 9 o'clock and was closeted with Mr. Wilson for a brief time. He would make no comments upon his departure, but greeted the newspaper men cordially. Mr. Bryan wanted to see Mr. Wilson earlier, but could not reach him until this morning on account of Mr. Wilson's busy night.

No Legislative Plan Outlined.
Mr. Wilson will recommend no currency legislation, nor in fact any legislation, aside from tariff measures, until after he has conferred with a number of the Democratic leaders.

He indicated that April 1, as already selected will be the date for the opening of the extra session of Congress, but declared that this is subject to a slight possible change. Further explicit questioning as to the make-up of the cabinet failed to draw from the President-elect any word on his list of selections. He promised only that the world should have them officially when he sent them to the new Senate.

The President-elect, after giving this information, retired again to his suite, then to make his final preparations before going to the White House to ride with President Taft to the Capitol. Mail swamped the President-elect. He had not the time, however, to attend to it this morning before the inaugural ceremonies.

GOLD DUST does more than clean

Gold Dust sterilizes and leaves your kitchen things sanitarly safe. The ordinary soap-washed utensil is not fit to eat from, because soap does not cleanse as thoroughly as it should—does not kill germs of decay which are bound to lurk in oft-used utensils.

Gold Dust does most of the cleaning without your assistance, and does it, too, in a quicker and more thorough manner than will soap or other cleansers.

Gold Dust makes pot and pan spick and span.

NO
THREE O'CLOCK
FATIGUE

WITH the ordinary typewriter the day's work usually begins to tire the operator by three o'clock; the constant strike, strike on the usual heavy-touch machine shows its fatiguing effect in mid-afternoon. But when the operator has the advantage of

Monarch Touch

there is neither three o'clock fatigue nor closing hour fatigue. The Monarch operator doesn't hammer the keys, she touches them. The mechanical principle exclusively incorporated in the Monarch completes the impression. A feathery touch starts it—therefore strength isn't called for and fatigue doesn't follow.

Letters written on the Monarch Typewriter are uniform in spacing, alignment and color.

In addition to the Monarch Light Touch, and the exclusive Monarch Rigid Carriage feature, every other important improvement of the modern typewriting machine, such as Back Space Key, Two-Color Ribbon Shift, Contained Tabulator, etc., will also be found in the Monarch. Let us demonstrate Monarch economy of strength, time and money.
